CLASSIFICATION OF SERVICE

	RATE PER UNIT
<p><u>APPLICABLE:</u> All users of water service furnished by the Sandy Hook Water District which service area boundary includes an area of a radius of 3 miles from the Elliott County Courthouse, however the area now served by the Sandy Hook Water District consists only of the incorporated area of the City of Sandy Hook, including the Bell City area north of Sandy Hook.</p>	
<p><u>AVAILABILITY OF SERVICE:</u> INCREASED RATES AFFECT ALL CLASSES OF CUSTOMERS, INCLUDING ALL DOMESTIC AND THE 4 COMMERCIAL CUSTOMERS.</p>	
<p><u>MULTIPLE USERS ON ONE METER:</u> Where two or more tenants or occupants (of different rental units) of property, including duplexes, apartment houses, mobile home parks, trailer parks or other multi-unit premises, are served by a single water meter, the rates and charges to each tenant or occupant shall be computed by dividing the number of gallons of water registered by such single meter by the number of customers being served through such meter and then applying the results thus obtained to the water rate schedule set out on Sheets 2 and 3, to arrive at the monthly bill for each tenant or occupant. Each tenant or occupant shall be separately billed unless the owner or operator of the property has agreed with the District to pay the total monthly water bill for such property. In no event shall the monthly bill applicable to each tenant or occupant be less than the minimum water rate stipulated on Sheet 2.</p>

RULES AND REGULATIONS

- A. All taps and connections to the mains of the District shall be made by and/or under the direction and supervision of District personnel.
- B. Water service may be discontinued by the District for, upon 10 days' written notice (except that in the event of a violation under Item 7 below, water service may be terminated immediately), any violation of any rule, regulation, or condition, and especially for any of the following reasons:
1. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
 2. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
 3. Resale of water.
 4. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
 5. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others.
 6. Connection, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the District.

RULES AND REGULATIONS

7. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the correction action to be taken by the applicant or customer before service can be restored.

C. Any customer desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in person or in writing at the business office of the District at least three (3) days prior to the date on which the customer desires to discontinue service, and the customer shall not be liable for water consumed beyond the date of discontinuance stated in such notice; if such notice in person or in writing is not given, a customer shall remain liable for all water used and service rendered to such premises by the District until such notice is received by the District.

D. Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the user's agreement unless a change of address has been filed in writing with the District; and the District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.

First Revised Sheet No. 6

RULES AND REGULATIONS

- E.1. Bills for water service are due and payable at the office of the District, or to any designated agent, on the date of issue. The past due date shall be the tenth day after the date of issue. Bills will be dated and mailed on the first day of each month.
2. All bills not paid on or before the past due date shall be deemed delinquent. If a bill is not paid within ten days after such date of issue, such bills shall be considered delinquent, and there shall be imposed a penalty on each bill not so paid, in an amount equal to ten percent (10%) of the charges (other than sales tax) shown on the face amount of such delinquent bill. When a bill has been delinquent for a period of twenty days, the district shall serve a customer a written final notice of said delinquency, and of the intent of the District to discontinue service 5 days after the date of such notice unless such bill is paid prior to the expiration of such 5 days. If a delinquent bill is not paid within 5 days after date of such final notice the water supply to the customer may be discontinued without further notice; provided, however, if, prior to discontinuance of service, there is delivered to the District, or to its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until 30 days elapse from the time of the District's receipt of said certification, whichever occurs first.

SANDY HOOK WATER DISTRICT

RULES AND REGULATIONS

DEPOSITS (to replace Section G, Page 7)

The District may require a minimum cash deposit or other guaranty to secure payment of bills.

Service may be refused or discontinued for failure to pay the requested deposit. Interest will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit. Interest shall be paid by the District at a rate no greater than it receives and shall at no time exceed six percent (6%) per annum in accordance with KRS 74.085.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The District may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon the termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the District. If the customer has no previous history with the District, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer, the District may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

RULES AND REGULATIONS

- F. Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$25.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.
- G. ~~The District reserves the right to request that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit, such amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer. Upon the payment of such deposit, the District shall issue to such customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The District will pay to such customer interest on such deposit at the rate of six percent (6%) per annum, until such deposit is reimbursed to the customer.~~ *C-9-92*
- H. All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to determine the size and type of meter used. *PUBLIC SERVICE COMMISSION OF KENTUCKY EFFECTIVE MAY 18 1988*
- I. It shall be the policy of the District to test each water meter at least once every 60 months or as the Public Service Commission requires. In addition, upon written request of any customer, the meter serving such customer shall be tested by the District. Such test will be made without charge to the customer if the meter has not been tested within 12 months preceding the requested test; otherwise, a charge of \$25.00 will be made and then only if the test indicates meter accuracy within the limits of 2%. *PURSUANT TO KRS 207 KAR 60.11, SECTION 2.01, MAY 18 1988*

RULES AND REGULATIONS

If a meter is inaccurate in excess of 2%, whether upon periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the adjustments shall be made in the customer's water bills as follows:

1. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months; provided, however, that if time for the periodic test has overrun to the extent that 1/2 of the time elapsed since the last previous test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period; provided, further, that such refund may be limited to the 12 month period if failure to make the periodic test was due to causes beyond the control of the District.

2. If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months.

3. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing, and the amount of charge or credit to be shown on the next bill of the customer.

J. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register.

K. The District shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.

L. The District shall in no event be held responsible for any claim made against it by reason of the breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

RULES AND REGULATIONS

- M. Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the stream line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, with or without notice.
- N. The premises receiving a supply of water and all service lines, meters and fixtures, including any fixtures within said premises, shall at all reasonable hours be subject to inspection by the District.
- O. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.
- P.1. An extension of fifty (50) feet or less to the District's distribution main shall be made without charge (other than the prescribed standard connection charge) for a prospective customer who shall apply for and contract to use service for one (1) year or more and who provides a guarantee for such service.
2. For each extension to the District's distribution main in excess of fifty (50) feet, the District shall require the customer to whose premises such extension is made to deposit with the District the total cost of the excessive footage over fifty (50) feet, based on the average estimated cost of the total extension. Such deposit may be refundable to the customer in certain instances, in accordance with Title 807 KAR 5:066, Section 12(2)(b).

APPLICATION OF SERVICE CONNECTION

1. Each prospective customer desiring water service shall be required to sign the standard application for water service form and any supplemental contract required by the district before the service connection is made.
2. An extension of fifty feet or less shall be made by Sandy Hook to its existing distribution main without charge for a customer who shall apply for and contract to use service for one year or more and provides guarantee of such service.
3. The utility will furnish and install at its expense for the purpose of connecting its distribution system to the customer's premises that portion of the service line from its main to and including the curb box. The curb box will be installed between the property line and the curb. The service line will extend to that point on the curb line easiest to access by the utility from its distribution system. When a reasonable doubt exists as to the proper location of the service line, the utility shall be consulted and its approval of the location secured.
4. The customer's service line shall extend from the curb box or curb stop between the property line and the curb. The customer shall furnish and lay the necessary pipe to make the connection and shall keep the service line in good repair and in accordance with such reasonable requirements of the utility as may be incorporated in its rules and regulations. The utility reserves the right to inspect all service lines before service is rendered.

MONITORING OF CUSTOMERS USAGE

At least once annually the District will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 100 percent or more and cannot be attributed to a readily identified common cause, the District will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the District will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the District will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The District will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10 (4) and (5).

In addition to the annual monitoring, the District will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.
